Life. Protected.

Life Protected Cleaner (LPC) Hard Surfaces Usage Guidance

1
Wash hands, put on gloves and ensure gloves are dry. Remove loose debris

2
Remove 1 layer from pack
Tear off sheet from layer
Take one layer from LPC pack and remove required sheets (tear across perforation). Place remainder back in pack. (Ensure gloves dry)

3
Use 1 sheet per 1 litre of water
Fill pail/bucket with water, add 1 sheet per litre and stir until fully dissolved

4
Dampen applicator with solution and wipe in 'S' or 'figure of 8' pattern. From clean to dirty

5
Replace the applicator and cleaning solution as required throughout the cleaning process

6
Do not touch skin
Dispose of used cleaning solution down a sink or drain (if required). Remove gloves and wash hands
